

Thanks to our Cornerstone Sponsor - TD Canada Trust Agriculture Services!

Contributed by CanACT
Friday, 20 March 2009

At their 2nd annual Etiquette Dinner on February 26th, CanACT formally recognized TD Canada Trust Agriculture Services for their generous support for agricultural communications at the University of Guelph. TD Agriculture Services has donated \$10,000 to be split between CanACT and SPARK, Students Promoting Awareness of Research -a group of student writers that work closely with the Office of Research to prepare the University of Guelph's research publications. This makes TD Agriculture Services CanACT's 2009 cornerstone sponsor, allowing the club to continue providing Guelph students with unique professional development and networking opportunities in agriculture and communications.
